Delivery System Reform Incentive Payment (DSRIP)

August 20 and 21, 2014

What is DSRIP?

- The DSRIP program will promote community-level collaborations and focus on system reform
 - Goal: Achieve statewide a 25 percent reduction in avoidable hospital use, including emergency department, readmissions and admissions for avoidable conditions, over five years.
- Large public hospital systems and safety net providers will collaborate with community providers, organizations and physicians to implement innovative projects
 - Focus on system transformation, clinical improvement, and population health improvement.
- DSRIP creates a new provider entity, a Performing Provider System (PPS)

What is DSRIP?

- Menu of pre-approved project options (to be described later)
- Applications to be reviewed by panel of experts
- Deadline is December 16
- PPS selects projects from DoH and CMS pre-approved menu

Goals of DSRIP

- Statewide performance must be demonstrated to CMS and funding will be reduced across the board if outcomes are not reached so state goal/metric
- PPSs are encouraged to move toward value-based payments models, away from fee-for-service payment
- Intent is to promote permanent transformation of delivery system

DSRIP Funding

- Funding allocated based on project valuation and outcomes
- Pay-for-performance: Incentive payments based on achieving improvements in care; must meet milestones and metrics first to get paid in the 5-year project period
- Improvements based on metrics and goals for Medicaid population in County
- Achievement of metrics is based on performance of whole PPS, not individual providers

DSRIP Attribution

- Medicaid members will be attributed to a PPS, based on geography, patient visit information and health plan primary care provider assignment
- Patient visit information is used to determine a loyalty pattern based on where most of a beneficiary's care is provided
- **All** Medicaid beneficiaries will be attributed to a PPS, including individuals receiving behavioral health services through OMH and/or OASAS, and individuals receiving services through OPWDD
- Must have at least 5000 beneficiaries to be a PPS

DSRIP Distribution

- PPSs can choose how they will distribute DSRIP incentive payments. Possible factors include:
 - Attributed lives associated with PPS partners
 - Pay-for-Performance for higher achievers within the PPS
 - Project Costs
 - Revenue Loss
 - Contribution to PPS achievement of metrics and milestones

DSRIP Project Domains

- Performing Provider Systems will choose at least five and not more than 11 projects from the following domains:
- System Transformation
 - Create integrated delivery system (required)
 - Implementation of care coordination and transitional care programs
 - Connecting systems

DSRIP Project Domains

- Clinical Improvement
 - Behavioral Health (required)
 - Cardiovascular Health
 - Diabetes Care
 - Asthma
 - HIV
 - Perinatal
 - Palliative Care
 - Renal Care

DSRIP Project Domains

- Population-Wide Strategy Implementation (based on the NYS Prevention Agenda)
 - Promote Mental Health and Prevent Substance Abuse
 - Prevent Chronic Diseases
 - Prevent HIV and STDs
 - Promote Healthy Women, Infants and Children

DSRIP Project Domains

- Patient and Community Activation for Uninsured, Nonutilizing, and Low-utilizing Populations
 - Develop practices/programming that promote activation and engagement – Patient Activation Measure (PAM)
 - Increase the volume of non-emergency (primary, behavioral & dental) care provided to the UI, NU & LU population
 - Form linkages between community-based primary and preventive services as well as other community based health services to sustain and grow the community and patient activation in the region it serves

Five Key Themes of DSRIP

- 1. Collaboration, Collaboration, Collaboration!!!
- 2. Project Value drives \$\$
 - *a) Transformation → # and types of projects*
 - *b) # of Medicaid members served (attribution)*
 - *c) Application Quality*
- 3. Performance Based Payments
- 4. Statewide Performance Matters
- 5. Lasting Change
 - *a) Long-Term Transformation*
 - *b) Health System Sustainability*

PPS Partner Criteria Survey

- Purpose: Gather information about your organization, its capability to participate in DSRIP, and the projects your organization would like to participate in
- Taking the survey does **not** constitute a partnership with, or participation in, the NuHealth PPS
- Deadline: Friday, September 5 at 5:00 PM

Next Steps

- Finalize PPS and partnership arrangements (ASAP)
- Progress report on Design Grant (Oct 1, 2014)
- Measure baselines for each metric in each project (Fall 2014)
- Submit DSRIP applications (December 16, 2014)
- Submit first report (March 2015)
